NYC Department of Education
Local Law 27 of 2015 Annual Report on Special Education
School Year 2014–2015
February 29, 2016

NOTES

- This report is presented in accordance with the requirements set forth in Local Law 27 of 2015 (LL27/2015). (<http://legistar.council.nyc.gov/LegislationDetail.aspx?ID=1890976&GUID=F67FFB63-A8DD-4EBC-834B-7BB2A0A4D644>.)
- The report reflects data for students who were enrolled in a New York City Department of Education (DOE) school in grades K–12 during the 2014–15 school year as of June 30, 2015, or as indicated.
- For reporting items disaggregated by district, students enrolled in citywide special education (District 75) or alternative (District 79) schools and programs are included in the geographical district where the school or program is physically located.
- Where the number of students in a category is between 0 and 5, the number has been replaced with the reference ≤ 5 . Where disclosure of a number greater than 5 would allow another category to be narrowed to a specific number between 0 and 5, the number has been replaced with the reference >5 . In a few instances, where disclosure of a 0 in citywide data would not impact confidentiality of student information, the number 0 has not been redacted.

In 2011, the DOE transitioned to a new special education data management system, the Special Education Student Information System (SEGIS). Since then, the DOE has identified significant design and performance issues with SEGIS. Although progress has been made in ensuring the functionality of its core transactions — such as the entry of a student’s Individualized Education Program (IEP) — major deficiencies in SEGIS’s design for capturing, processing, and storing information, continue to affect the DOE’s ability to reliably report specific compliance metrics (e.g., timeliness of evaluations).

The DOE’s capacity to report special education data reliably is also negatively affected by a lack of integration of certain key systems. Most notably, there is no direct linkage between SEGIS, where a student’s IEP is entered and stored, and the Student Tracking and Registration System (STARS), where a student’s course enrollment information is entered and stored.

As a result of these systems inefficiencies, to produce the data included in this report (and needed for operational management of special education processes), the DOE combines and analyzes data across systems, via labor-intensive, manual, time-consuming processes. Specific methodologies and descriptions for each reporting item precede the respective data tables.

SPECIAL EDUCATION EVALUATIONS - REPORTING ITEMS 1-4; 5-7; 11

Overall, 69.5% of IEP meetings resulting from initial evaluations and 77.2% of IEP meetings resulting from reevaluations (not including three-year reevaluations) occurred within 60 calendar days of the date of parental consent (initial evaluation) or referral (reevaluation). The reports are not adjusted to reflect delays in completing the evaluation process or holding the IEP meeting that are not attributable to the DOE, such as parental requests to reschedule appointments.

Students with Initial Referrals for Special Education Evaluations (Reporting Items 1-4): Students enrolled in DOE schools who were initially referred for an evaluation to determine eligibility for special education, in the period from July 1, 2014 to June 30, 2015, disaggregated by district, eligibility for the free and reduced price lunch program, race/ethnicity, gender, English Language Learner status, recommended language of instruction, and grade level.

“Closed without IEP Meeting” reflects students whose cases were closed before an IEP meeting was held (for example, if the student’s parent withdrew consent to evaluate).

“Total Open as of 6/30/2015” reflects students whose cases were still in process at the end of the period of this report (for example, a student for whom an initial referral was made on May 8, 2015, and for whom an IEP meeting had not been held and the case had not been closed as of June 30, 2015.)

The report reflects the number of students for whom an initial referral was made; it does not reflect the number of initial referrals made.

In SESIS, outcomes (i.e., case closings, IEP meetings) are not stored in relation to the process initiation (i.e., referral); therefore, for students for whom more than one initial referral was made, the report reflects data based on the date of the latest parental consent (if any) prior to the latest outcome (if any).

11	360	81	>5	>5	17	155	45	200	217	62	
12	288	48	>5	≤5	11	156	56	212	223	17	
Total	25,079	3,534	1,506	626	2,132	10,797	4,770	15,567	17,699	3,846	

Students with Reevaluation (Reporting Items 5-7): Students enrolled in DOE schools who were referred for reevaluations (not including three-year reevaluations) in the period from July 1, 2014 to June 30, 2015, disaggregated by district, eligibility for the free and reduced price lunch program, race/ethnicity, gender, English Language Learner status, recommended language of instruction, and grade level.

“Closed without IEP Meeting” reflects students whose cases were closed before an IEP meeting was held (for example, if the student’s parent withdrew consent for the provision of special education services).

“Total Open as of 6/30/2015” reflects students whose cases were still in process at the end of the period of this report (for example, a student for whom a referral for reevaluation was made on May 8, 2015, and for whom an IEP meeting had not been held and the case had not been closed as of June 30, 2015.)

The report reflects the number of students for whom a referral for reevaluation was made; it does not reflect the number of referrals for reevaluations made.

In SESIS, outcomes (i.e., case closings, IEP meetings) are not stored in relation to the process initiation (i.e., referral); therefore, for students for whom more than one referral for reevaluation was made, the report reflects data based on the date of the latest referral for reevaluation prior to the latest outcome (if any).

Timeliness of Completed Three-Year Reevaluations (Reporting Item 11): Three-year reevaluations of students enrolled in DOE schools that were completed during the period from July 1, 2014 through June 30, 2015.

A three-year reevaluation is reflected as timely if the IEP meeting concluding the three-year evaluation occurred by the end of the calendar month that included the date three years from the date on which the IEP meeting concluding the student's most recent prior evaluation (initial or reevaluation) occurred. Information is disaggregated by district, eligibility for the free and reduced price lunch program, race/ethnicity, gender, English Language Learner status, recommended language of instruction, and grade level.

PROVISION OF SPECIAL EDUCATION AND RELATED SERVICES – REPORTING ITEMS 9, 12, 13

Average Number of School Days from Initial IEP Meeting to Placement Notice (Reporting Item 9):

The average length of time between the DOE's receipt of initial consent for the provision of special education services and the DOE sending the parent notice of the school that will implement the services on the student's IEP, except when the parent consented to defer implementation of the IEP until the following semester or school year.

The DOE's current procedure is to request parental consent for the provision of services concurrently with the notice to the parent of the school at which the services will be provided. Accordingly, the tables reflect the data point most consistent with the Local Law's intent: the average number of school days between the date of the IEP meeting for a student initially referred for evaluation and the date on which the DOE sent the parent notice of the school that would implement the IEP.

The data includes students for whom an initial IEP meeting was held and a placement notice sent between July 1, 2014 and June 30, 2015. It does not include students for whom the implementation of services was deferred until the following school year or for more than 60 days following the IEP meeting (used as a proxy for deferral to the following semester). Data is disaggregated by district, eligibility for the free and reduced price lunch program, race/ethnicity, English Language Learner status, recommended language of instruction, and grade level.

Number and Percentage of Students Receiving Recommended Special Education Services (Reporting Item 12):
 Number of students in DOE schools who were receiving in full or in part, or not receiving, the special education services recommended on their IEPs as of the conclusion of the 2014–15 school year.

Of the 187,672 students with IEPs in DOE schools as of June 30, 2015, 173,748 students had IEP recommendations for special education services. Whether a student was fully, partially, or not receiving, was determined by matching the student’s IEP-recommended special education services [special class, Integrated Co-Teaching (ICT), or Special Education Teacher Support Services (SETSS)], course subjects, and language of instruction, to the receiving course information recorded in STARS.

A student is reflected as “fully receiving” only if there was an exact match between the IEP and STARS. (For example, a student whose IEP recommended ICT for English and Math but received ICT in Math and ICT in a course recorded as Journalism [rather than English] in STARS would be counted as partially receiving.) As a result, it is likely that partially receiving is overstated while fully receiving is understated. “Not receiving” includes students for whom no data was entered into STARS, and thus may be an overrepresentation as well.

**SY 2014-15
 Number & Percentage of Students Receiving Recommended Special
 Education Services**

Receiving Status	Student Count	Percentage
Fully Receiving	104,692	60%
Partially Receiving	60,468	35%
Not Receiving	8,588	5%

Percentage of Related Service Recommendations with Encounter Recorded (Reporting Item 13):

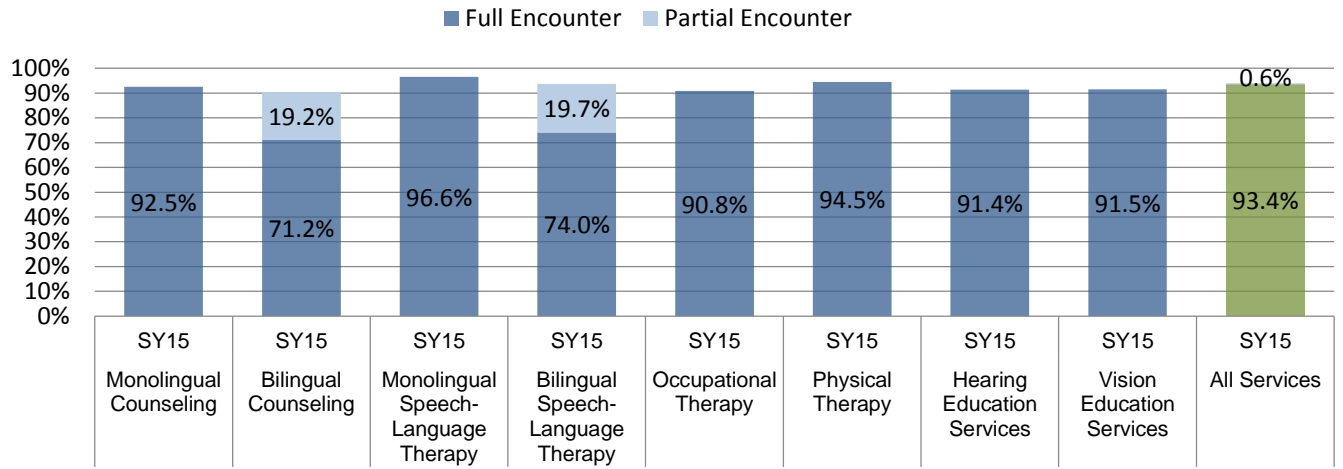

Commencement of related service provision for students enrolled in DOE schools.

The darker sections of the bars (“full encounter”) reflect services for which a provider certified in SESIS that he/she held a session with a student consistent with the duration, setting (group/individual) and language of the student’s IEP recommendation, during the 2014–15 school year.

The lighter sections of the bars (“partial encounter”) for bilingual speech-language therapy and bilingual counseling reflect services for which a provider certified in SESIS that he/she held a session with the student consistent with the duration and setting (group/individual) of the student’s IEP recommendation but not in the recommended language (as may be necessary due to shortages of bilingual providers), during the 2014–15 school year.

Due to incompleteness of available data, frequency of service is not reflected.

Students with Reevaluations Resulting in IEP Recommendations for More/Less Restrictive Environments (Reporting Item 10):

Students enrolled in DOE schools for whom a reevaluation (other than a mandated three-year evaluation) completed between July 1, 2014 and June 30, 2015 resulted in (a) an IEP recommendation of more or fewer periods per week in a special class, or (b) a change in IEP recommendation from placement in a specialized school to a neighborhood school, or from a neighborhood school to a specialized school. Data is disaggregated by district, eligibility for the free and reduced price lunch program, race/ethnicity, English Language Learner status, recommended language of instruction, and grade level.

Inclusion of Students with IEPs (Reporting Item 14):

Students with IEP recommendations for “participation in the general education curriculum.”

As all students with disabilities have access to the general education curriculum to the maximum extent appropriate, the tables reflect all students enrolled in DOE schools with IEPs in effect as of June 30, 2015, grouped by portion of the school day that each is recommended to participate in a general education setting; this is consistent with the United States Department of Education’s indicator for inclusion.

Time recommended for service in a special class made up only of students with IEPs, is not reflected as time in a general education setting. All other settings, including Integrated Co-Teaching (ICT) classes are considered general education settings.

**SY 2014-15
Inclusion of Students with IEPs**

IEP Recommended Portion of School Day in General Education Setting	Number of Students	Percentage of All Students with IEPs
80% or More	121,952	65%
40–79%	8,880	5%
Less Than 40%	56,840	30%
