

Q&A DAJ-047: Storage and Transport Services

The deadline to submit questions was November 19, 2014. The question period is now closed. The following is a complete list of questions that were submitted and the answers that were provided:

Q. Page 6, Item 1A. Removal boxing etc. "Copy of indexed material to be provided to court/agency". What exactly does this mean?

A. We would require a copy of an index listing all materials that are being boxed and removed, from court premises, for storage.

Q. Page 14, Ji Rejection of Bidder. Would rejection be based on any Bidder outside of a 100 mile radius? I'm guessing as long as we can get to any of the locations within a 2 hour time period, would this be acceptable?

A. No, as long as requested documents can be received within a 2 hour time period from request (for emergency pulls/delivery in Monroe County), we would not reject a bidder located outside a 100 mile radius.
